Dear Learner,

POSHE, Welcomes you on board to our Internationally Accredited NEBOSH HSW Training programme.

Learning Agreement

You are about to commence a globally recognized qualification, which will enhance your competence in health and safety. The course will provide better knowledge of health and safety management system as well as controlling the workplace hazards. We expect the learner to showcase his commitment towards active engagement on the studies during this tenure, both classroom training & private study.

NEBOSH HSW is a level 2 award, requires the learner to profound their knowledge exclusively. The learner must dedicate sufficient time for preparing both theory / practical assessment to qualify for this exam.

Course schedules are shared with you, upon registration via email; you will also get a copy of study material/ E-Learning access to start your preparation early.

POSHE solutions will provide

NEBOSH Approved course materials / e Learning access for six months.

Classroom Environment with welfare facilities.

Use qualified and approved tutors to deliver the sessions.

Take you through the syllabus to cover the learning outcomes.

Dissemination of information or resources, which will help to qualify for Nebosh HSW examination.

Quick response to clarify your doubts.

Support to e Learning learners via phone, email, Skype, GoToMeeting, Cisco webex.

We expect the candidates to have LSRW–Learning, Speaking, Reading & Writing Skills.

- Attend all the three days training session.

- Involve in classroom activities.

- To attend all the Mock exams, including 40 Marks MCQ type Mock Papers.

- To complete all the assignment work provided by the training daily.

- Classroom / e Learning learners must ensure self-study for at least 4 hours in a day.

- Take notes whenever required and pay special attention to the daily revision topics.

- Involve in sharing your work experience that may be relevant to the topic.

- To pay attention to exam revision techniques, exam procedures.

- To feel free to ask the trainer on the topics where he has difficulty in learning to understand the concept clearly.

- Refrain from using mobile phones during the session.

- To notify us well in advance if any leaves or permission requires during the session.

- Practical assessment must be your own work, do not copy from others – see malpractice Policy

- We further have rights to prohibit the candidate from appearing for the exam due to poor attendance or failed to complete E-learning modules, mock assessment, risk assessment practices or those who have poor mock exam results during the session.

Classroom Training

The tutor aims to complete the entire syllabus in three days. The tutor uses a variety of resources during this course which can provide a clear understanding of the topics such as health and safety management systems & Controlling workplace hazards. The objective is to prepare learners for summative assessment; the learners can apply their skills to qualify for this award.

HSW course syllabus is covered through PowerPoint, videos and discussions based on topics. We insist you to start your preparation early before you attend the session. You can note down the key points, if any doubts, which can be discussed with the tutor during the session or one to one with the trainer.

e Learning Training

The learner is required to complete all the elements in the e Learning platform, as well as MCQ type assessment and obtain course attendance certificate before appearing for the summative assessments, else the learner will not be allowed to take the summative assessment nor registered for the assessment.

Complete feedback form at the end of the course session; highlight negative feedback if you had experienced any during the session, please provide your complaint via an email to support@poshesolutions.com

Commitment to Learner Agreement

I clearly understand the requirements which are set in the learner agreement and understand the consequences if I fail to achieve the above requirements.
